November Events:

Business Meeting – The main agenda at this month's meeting was the Christmas Party. Members voted to have this year's party at the "Another Broken Egg" restaurant on December 14th. For details see Christmas Party under Future Events. Plans are underway to sponsor two car shows in conjunction with Champion and University Chevrolet and Foster Motor Company. We need your help and input to make these shows a reality, see you at the next meeting. Come join the fun at our Business Meeting on Thursday December 6, 7:00 p.m. at Beef O'Brady's on Thomasville Road.

Sonic Gathering – We had a great turnout of cars at this gathering, 20 total, even though there was a conflict with the Florida, Florida State football game. The game began at 8:00 p.m. so by 7:45 the Sonic was disserted. I won't say much about the game except the Gators finally beat the Noles at the Swamp. Take a look at the picture under Funnies of the Month, this says it all for Seminole fans. Corvette gatherings are always held the third Saturday of each month starting at 7:00 p.m. located at the Sonic Drive Inn on North Monroe Street.

Scott's Bar B-Q – This year's event was very successful. There were eleven cars from our club to attend this event. There was plenty of excellent food and beverages available for the fifty folks that attended. The Corvette Club of Jacksonville also made the trip with a representation of fourteen Vettes. One interesting event was to watch Aaron place some of the Corvettes on his Dyno to determine their actual horsepower. This service is available for \$60.00 to club members if you are interested in determining your actual horsepower rating. Thanks to Aaron and Nicole Scott for hosting this event

We're on our way to Thomasville, Cruisin up U.S. 139, to enjoy a day of Corvette fun at the Scott's Bar B-Q.

Finally at the Scott's ready to talk about Corvettes and visit with the Corvette Club from Jacksonville.

A big variety of Corvettes attended this event. This sunflower yellow 1966 C2 was just one of many to attend the Bar B-Q.

The host Aaron Scott in the foreground surveying all of the Corvettes that filled his back yard.

Twenty-five Corvettes were in attendance representing the Corvette Club of Jacksonville and the Cruisin' Corvettes of Tallahassee.

Country living at it's finest featuring the Corvettes with a cotton field in the background.

A Jacksonville club member places his 1996 LT4 on the Dyno to determine it's true horsepower.

The normal LT4 horsepower is 330, the results of the test shows that this one is packing around 365..
