July Events:

Sonic Gathering - July was another good month as there were a total of 30 cars in attendance at this gathering. There were no special guests that attended this month but whenever you have Corvette enthusiasts around it makes for great fun. During this gathering pictures were taken of ten members and their cars to be posted on the club's internet web page. To view these pictures sign on to www.cruisincorvettes.com. Members that wish to have pictures taken can come by the Sonic starting at 6:00 while the light is still good. For those of you that will not be able to attend any of the gatherings while we are still on daylight-saving-time give me a call and I will arrange to come to your house and make pictures. If you have more than one car this is ok as we have plenty of room to display pictures of all of the member's cars.

Reminder: Corvette gatherings are always held the third Saturday of each month starting at 7:00 PM located at the Sonic Drive Inn on North Monroe Street. The next gathering is August 21.

Above is a picture of our club banner. It certainly makes an impression on everyone that sees it. This picture was taken at the June Sonic Gathering and was used to take pictures of members and their cars. These pictures will be posted on our internet web page under www.cruisincorvettes.com.

Visitors always admire the collection of Vettes at the Sonic Gathering. Pictured above are just two of the 30 cars to attend the June gathering. These cars belong to Frank Sheffield and consist of a 1969 Coupe and a 1962 Roadster. I believe that Frank has a total of 5 Corvettes in his stable.

Member Ken Rouse purchased this 40th Anniversary Roadster while visiting the Bloomington Gold show. Six other members attended this event with Ken back in June.

*This picture is right off of the press. According to Member Jerry Wise, this is a special preview of the Vette of the future. It almost makes the grade, the first 4 letters of the name starts with **CORV**air.*

Club Membership Chart:

The following chart lists all 74 club members. This chart is as August 16, 1999. Since we began our roles about five years ago our membership was not very active. I mean that no one wanted to come to the gatherings or participate in the group activities. I want to personally thank our elected officers for producing a plan that gave us an excellent organization plan that has made the club a success thus far. No club can be successful without an investment of time given by each club member to participate in as many activities as possible. Each month at the Sonic I see a real bonding of members that is starting to take hold and continue to grow in the next millennium. Thanks to all of you for your participation and interest.
